

FEDERAL FORESTRY AGENCY

The 4th Russian-German Working Group Meeting in the framework of Memorandum of understanding on implementation of forestry cooperation will be held on the 22nd – 25th of October 2014 in Russia.

published: 16:54, 15.10.2014 ,

The specialists of the Federal Forestry Agency and its subordinated bodies will participate in the event. The German side will be represented by the Federal Ministry of Food and Agriculture and German nongovernmental forestry organization.

During the plenary meeting on the 22nd of October 2014 questions related to professional forestry education, forest fire protection, amendments to the Forest code of the Russian Federation, bioenergy, forest pathology monitoring and forest genetics will be considered.

The program also includes visit to one of the well-known forest regions of Russia - Krasnoyarsk Region. The delegation will get acquainted with the enterprises of timber industry, as well as the station of continuous monitoring of sanitary and forest pathology conditions for survey of damaged fir plantations and experience exchange.
